We are committed to making information about Montana's K-12 public schools available to educators and to the public. In addition to the directory, the Office of Public Instruction's website, [www.mt.opi.gov](http://www.mt.opi.gov), provides many resources including: reports and data, best practices, state and national education news, a calendar of upcoming educational events and links to the OPI's programs. The Directory of Montana Schools is also available on our website to download electronically.

I also encourage you to visit the website for Graduation Matters Montana, a statewide effort to ensure Montana's public schools are meeting the goal of graduating students prepared for the jobs of today and tomorrow. In today's economy, a quality public education is the key to economic prosperity for our young people and our state. You can find information about Graduation Matters Montana and local Graduation Matters initiatives at:

Thanks for your interest in Montana's K-12 public schools.

Sincerely,

*Denise Juneau, Superintendent of Public Instruction*
